ONLINE ACCESS TO THE 2016 CONNECTICUT STATE BUILDING CODE

To review the current building code (adopted October 1, 2016) online:

1. Search for CT DAS.
2. Then click on **THE OFFICE OF STATE BUILDING INSPECTOR**. On this page there is a heading **CURRENTLY ADOPTED MODEL CODES**, and below this heading click on the **ICC FREE eCODE VIEWER**, then click on the **2012**. This link will get you to the 2012 group of building codes.
3. Click on the code you want to review, for residential construction use the 2012 IRC.
4. After you review the code, you will need to go back to **THE OFFICE OF THE STATE BUILDING INSPECTOR** page and below the **CURRENT DOCUMENTS** heading click on the **2016 CONNECTICUT STATE BUILDING CODE** link to access the Ct. Amendments to the current group of codes.

Note: It's easier to review the Code and the Amendment to that Code if you have them both open but in two separate windows.
