ASSESSOR'S OFFICE

NORFOLK, CONNECTICUT

Notice to PA 490 land owners:

In 2015, the State changed their Recommended Land Use Values which, in some cases, resulted in a higher assessment on use values. For example, forest land previously valued at \$130 per acre are now valued at \$240.

These new values were just reflected in our 2018 Revaluation.

For further information, please visit the CT DEEP Division of Forestry at ct.gov/deep.
