We will continue to investigate additional venues for the distribution of event information.

North Brook Trail

MR will distribute the report created by Mike Callahan of the Beaver Institute. Members will review and we will discuss our next steps at the next meeting.

We will keep Stephany Dumond, CT DEEP, Burr Pond Management Unit, informed of our plans for controlling the beaver issue.

North Brook Trail Parking

Because of the current amount of water in the area from the rain in June and early July this will have to wait.
