

TOWN OF NORFOLK PLANNING & ZONING COMMISSION ANNOUNCEMENT

The Town of Norfolk Planning & Zoning Commission is hereby notifying all interested parties that Tarpon Towers will be conducting a balloon float from 78 Goshen East Street, the proposed location of a new cell tower, on:

Thursday, April 17, 2025 between 9AM and 1PM
(weather permitting)**

Please be aware that the balloon float is subject to weather conditions and as such, a last-minute cancellation could possibly occur. If the weather is not conducive on the 17th, the float will be held for the same hours on Friday, April 18, 2025. If the weather is not conducive on that date either, the float will be conducted for the same hours on Saturday, April 19, 2025.

A balloon (typically a red weather balloon 3 feet in diameter) will be floated at approximately the same height as the proposed tower so that all interested parties can assess the potential visual impacts from various locations within the Town of Norfolk.

Abutting neighbors of 78 Goshen East Street will also be notified by mail of the balloon float date(s). Should a cancellation occur, Tarpon Towers will make every effort to work with the Land Use Office to confirm the cancellation and reschedule and to notify abutting neighbors.

If you have any questions, please feel free to contact Stacey Sefcik in the Land Use Office at zeo@norfolkct.org or at 860-542-6804.
